#### Product description

Zettex Graffiti Remover removes graffiti thoroughly from most surfaces without damaging them. Besides that, the composition of Zettex Graffiti Remover is extremely effective, without the use of methylene chloride.

#### Product properties

- Methylene Chloride free
- Ease of Use
- Rapid penetration.
- Fast Drying

#### Applications

You can use the Zettex Graffiti Remover on all "hard" impervious surfaces for the removal of a wide range of graffiti including paint, ink, crayon, felt tip marks etc. Please don't use it on plastics, without first assessing suitability of use on an inconspicuous area and in direct sunlight or hot surfaces, where premature evaporation may occur prior to reaction.

Shake well before use. Spray onto the surface from a distance of 20 – 25cm. Allow a few minutes to wet and penetrate the graffiti and wipe off. This product may also be rinsed off with water.

#### Packaging

Aerosol 500 ml

#### Colour

Transparent

#### Safety recommendations

See safety information sheet.

Properties	Specifications
Appearance	Clear water white liquid
pH	Not applicable
Specific Gravity	0.870 +/- 0.010
Active content % m/m/, as supplied	60-80
Non volatiles % m/m	<5
Viscosity	Free flowing liquid
Flammability, as supplied	Extremely flammable, flashpoint below -20
Composition Data, as supplied	A solution of 2-Methoxy-1-Methyl ethyl acetate. Acetone, n-butyl acetate, Methylal, 1,3 Dioxolane and fatty alcohol ethoxylate in butane/isobutane/propane propellant
Service Temperature (Continuous)	Designed for use at ambient temperature
